## Single Chambered Vacuum Former

The Single Chambered Vacuum Former is an economical answer that can still excellently fabricate most thermoplastic appliances. The all-aluminum construction eliminates rusting and the heating element is symmetrically engineered for uniform heat distribution. The hexagonal post keeps the frame from rotating or sliding.

### Features:

- Uses 5"x5" resin sheets
- Available in 110 Volt and 220 Volt
- Symmetrical heating system
- Lightweight, rust-free aluminum frame
- Made in the U.S.A.
- 5-year warranty on parts and labor
